Equal Opportunity Cell

India is a country of diversity. It is a hub of different religions, castes and cultures. However, the Indian society is characterized by a highly entrenched system of social stratification. It is these social inequalities that created the barriers of denial of access to materials, cultural and educational resources to the disadvantaged groups of society. These disadvantaged groups are SCs, STs, women, OBC (non-creamy layer), minorities and physically challenged persons. It is clear from the demographic factors that a large section of population of our country is still disadvantaged and marginalized. India is potentially rich in human resources. To harvest the same and make the present education system inclusive, the degree of democratization of higher education has to be increased to a large extent. Further colleges should become more responsive to the needs and constraints of the disadvantaged social groups. Therefore, the institute has planned to establish Equal Opportunity Cell in college for the welfare of the disadvantaged and marginalized groups of the society and to remove difficulties, which they may be experiencing.

The constitution of the Cell for the Academic year 2024-25 is as follows:
